A revised solicitation with these changes is provided herein.

The U.S. Department of Education (ED), Office of Federal Student Aid (FSA), is conducting a two-phase solicitation in accordance with the Department of Education Acquisition Regulation (EDAR) Subpart 3415.302-70. This acquisition is issued as a full and open competition and acquired using procedures provided under Federal Acquisition Regulation (FAR) Part 12 in conjunction with the policies and procedures in FAR Part 15 to the maximum extent practicable. The resulting contracts will be funded with non-appropriated funds. The FAR and EDAR will be followed to the maximum extent practicable in accordance with EDAR Subpart 3401.104.

The Government anticipates awarding multiple Indefinite Delivery/Indefinite Quantity (IDIQ) contracts under NAICS code 561440 for default collection services as described in the Performance Work Statement (PWS). The resulting IDIQ awards will have a Base Ordering Period of five (5) years with a single, five (5) year optional ordering period.

A sample of the previous task order is attached for your reference (see Attachment 3).

Section B – Continuation of any block from the SF 1449

B.1 Provisions for Pricing and Payment

- A. All task orders under this IDIQ contract will be incrementally funded. Payment shall be made in accordance with the terms in the pricing schedule shown in Section B.2 and with any other supplementary payment scheme that may be otherwise negotiated and specified.
- B. The Government shall have the right to unilaterally increase the amount of obligated funds under task orders at any time in order to provide sufficient funds to cover the anticipated volume of services or supplies for the remainder of the term. The Government shall have the right to unilaterally decrease the amount of obligated funds under task orders at any time in order to reduce obligations that exceed the anticipated volume of services or supplies for the remainder of the term. Additional funds will be obligated on contract modifications signed by the Contracting Officer.

B.2 Pricing Schedule of Services

The Government shall have the right to unilaterally increase or decrease any part of commission, fees, and/or incentives within 30 days of notice to the Contractor. No claim or request for equitable adjustment shall be made either by the Contractor or the Government in relation to changes in the pricing schedule.

The Government will establish common pricing for all IDIQ contracts before award. The established pricing may be more or less than the Offeror's proposed pricing.

B.2.1 Commissions and Fees will be fixed for the price categories below and shall apply to the base period and optional ordering period, if applicable.

In the tables below, Offeror must submit a proposed commission percentage of the final payoff or transfer value, i.e. combined principal and interest, for Direct and Non-Direct Loans rehabilitated. The Government has the unilateral right to add or remove additional fees from the rehabilitation commission. See Section B.3, Description of Pricing Categories, for more information.

Labor Category	Labor Category Description

B.2.2 Commission

Commissions shall be paid to the Contractor on dollars collected under the contract at the rates specified in Section B.2.1 above.

The dollars eligible for Contractor commissions are those deposited net dollars (total deposit less any returned checks). The Contractor shall receive commission on any payment received eight (8) calendar days or more after the date the account is transferred to the Contractor and up to fourteen (14) calendar days after the date the account is returned to the Government.

The Contractor shall also receive commissions on an account that was approved for compromise and the dollars (certified funds, money order, etc.) were posted and deposited up to thirty (30) calendar days from the date the account is returned.

The Contractor shall not be paid a commission for the following:

- 1) Dollars received by the Government within seven (7) calendar days after the Government transferred the account to the Contractor.
- 2) School, lender or other third party payments. Such payments are not considered repayments from the borrower, but reimbursements of a portion of debts paid by the Government. Should a borrower pay the school or lender fifteen (15) calendar days after the date of the transfer to the Contractor, the Contractor shall provide complete documentation of that account before any commission may be paid.
- 3) Lender repurchases of FFEL debts.

- 4) Unidentified payments. Such payments, not posted to the account of any borrower are not subject to commission payment.
- 5) Any adjustment to the outstanding balance of accounts through administrative resolution including amounts waived through write-off, compromise, cancellation or closure due to the borrower's death, disability, bankruptcy or incarceration.
- 6) Dollars collected in excess of an individual's balance, resulting in overpayment by the borrower.
- 7) Dollars received on any account fifteen (15) calendar days or later from the date the account was returned to the Government.
- 8) Dollars received through any Federal, State or local government salary offset, refund, garnishment (with the exception of administrative wage garnishment initiated by the Contractor), cancellations (i.e. teacher, military, Peace Corp, etc.), or other administrative action that results in the reduction or elimination of the debt in a manner beyond the scope of the Contractor's performance.

B.2.3 Commission Adjustment

Nonstandard Compromises—Subject to the limitations in this paragraph, the Contractor may, without prior approval from the Government, offer a borrower a compromise that goes beyond the current compromise standards set by the Government. A Contractor is limited to no more than 3 nonstandard compromises in any single quarter. (Unused allowances do not carry over to subsequent quarters.) The Government may, at its sole discretion, set further limits on the use of nonstandard compromises. If the borrower accepts a nonstandard compromise offer, the Contractor is responsible for the netback difference between the nonstandard compromise settlement and the applicable compromise standard set by the Government. The Contractor must properly notify ED when providing a nonstandard compromise. The Government shall reduce the Contractor's commissions on any nonstandard compromise settlement made by the Contractor. In instances where the Contractor offered a nonstandard compromise amount, the commission adjustment shall be based on the netback dollars to the Government. Example:

Borrower's total balance is \$13,125. The Contractor compromises in conflict with the Government's current compromise standards and collects \$8,000 and is initially paid a commission fee of \$1,400 (17.5%). The Government recovers \$6,600.

Under the applicable compromise standards, the Contractor would only have accepted a compromise agreement under which the borrower pays \$10,500. The resultant netback to the Government would have been \$8,662.50. The Government has lost \$2,025 (\$8,662.50 minus \$6,600 = \$2,062.50); therefore, the Government will deduct \$2,062.50 from the Contractor's next commission payment.

Bankruptcy- In the case of bankruptcy, where the Contractor fails to forward the bankruptcy documents to the Litigation Branch within three (3) calendar days from the date of receipt of the documentation, the Government shall reduce the Contractor's overall commission by an amount equal to the amount the Government would have recovered in the course of the bankruptcy adjudication.

B.2.4 Administrative Resolution Fee

The Contractor shall be paid a fixed fee for each administrative resolution performed under this contract, as defined in the Statement of Work. The Contractor must have completed the requirements stated within the Statement of Work and, if applicable, the accounts have been systematically returned on the ED Collections System before the Contractor will be eligible to be paid the administrative resolution fee.

B.3 Description of Pricing Categories

B.3.1 Regular Collections

The Contractor shall be paid the commission on regular Direct Loan payments and commission on regular Non-Direct Loan payments as outlined in Section B.2.1.

B.3.2 Administrative Wage Garnishment (AWG)

The Contractor shall be paid the commission on payments received as a result of AWG for Direct Loans and for Non-Direct Loans as outlined in Section B.2.1.

B.3.3 Rehabilitation

The Contractor will be paid the commission rate on the final transfer value of Direct Loan debts rehabilitated provided the borrower meets all regulatory and statutory requirements and on the final payoff amount of non-Direct loans rehabilitated as outlined in Section B.2.1.

In addition under this Pricing Category, the borrower must make nine (9) voluntary (to be considered “timely,” a borrower’s payment must be received within 20 days of the monthly due date) payments equal to the minimum required percentage of the final payoff or transfer value (i.e. combined principal, interest, and fees). The government has the unilateral right to add or remove any and/or all fees from the rehabilitation commission. Payments of this amount are automatically considered reasonable and affordable, and no financial statement is required to substantiate these payments.

For Direct Loan and FFEL Rehabilitations, if a borrower can prove they are unable to make minimum payments in respect to the minimum required percentage to resolve the account, Contractors shall then utilize the financial information in the IBR calculator to determine the borrower’s ability to pay. A copy of the borrower’s previous year’s tax return or a signed alternative documentation of income (ADOI) that documents the borrower’s income for the previous year is required to be scanned and submitted. If the borrower’s account is rehabilitated and the nine (9) timely payments are less than the minimum percentage requirements or not in accordance with the Reasonable and Affordable Income Based Repayment amount, the account will be considered an “Administrative Rehabilitation” and the Contractor will be paid based on the administrative resolution units applicable to an Administrative Rehabilitation.

B.3.4 Consolidation

The Contractor will be paid the commission rate as outlined in Section B.2.1 on the final payoff value of the debts consolidated provided the borrower meets all regulatory and statutory requirements, as well as any additional requirements set by Federal Student Aid (FSA), the consolidation lender or that lender’s guarantor. The consolidated debt includes principal, interest, and fees. The government has the unilateral right to add or remove any and/or all fees from the rehabilitation commission.

B.3.5 Administrative Resolution (AR)

The Contractor will be paid for each Administrative Resolution completed by the Contractor as outlined in Section B.2.1. The Government shall have the unilateral right to change the pricing. The Government may exercise its right to change AR pricing by the Contracting Officer giving written notice to the Contractor at least 15 days before the effective date of the change. The Government may exercise its right to change Pricing Alternatives as many times as it chooses. The types of administrative resolution are outlined in the Statement of Work.

ED reserves the right to adjust the Administrative Resolution to best meet the needs of the Government. Adjustments may occur due to changes in cost, volume production, regulations, state requirements, documentation mandates, etc.

B.3.6 Accounts Not Eligible for Commission or Fee

1. No commission will be paid for any consolidation or rehabilitation where any of the borrower's voluntary monthly payments do not equal or exceed the required amounts.
2. No commission will be paid for any consolidation or rehabilitation where it is determined that, at the request of the Contractor, effective dates of the required payments have been changed or altered.
3. No commission shall be paid for any consolidation or rehabilitation where the borrower, prior to consolidation or rehabilitation, qualified for write-off of the loan for reasons including, but not limited to, permanent and total disability, fraud, bankruptcy, death, and close school and false certification claims.
4. No commission will be paid if the Contractor has not counseled the borrower on his or her eligibility for such write-offs, both orally and in writing. Written counseling must be done via a Department-approved or created letter, and oral counseling must be documented on the Department of Education (ED) system.
5. The Contractor will not be paid a commission fee on any defaulted Consolidation Loan that has been re-consolidated.
6. No commission shall be paid on any account consolidated where a wage garnishment payment had posted in the 90 days prior to certification. This does not include voluntary payments miscoded by the Department as wage garnishment payments.
7. No commission shall be paid in excess of 3 nonstandard compromises per CPCS period. Unused limits do not carry over to subsequent CPCS periods.
8. Unless ED approves an exception, no commission or fee will be paid for any consolidation, rehabilitation or administrative resolution where the DCS contractor or the borrower did not meet any material (as determined by the Government) written requirement established by the Government.
9. No commission shall be paid on any compromise payment where compromise procedures were not followed (i.e., the compromise agreement letter is not sent to the borrower, the compromise information is not documented on the ED notepad, etc.).

If, in any of the above instances, the Department inadvertently pays a commission, the Department reserves the right to subsequently recover any such commission from the Contractor.

10. The pricing schedule does not include any incentive fees. Refer to Section C - Contractor Performance Incentives.

If, in any of the above instances, the Department inadvertently pays a commission, the Department reserves the right to subsequently recover any such commission from the Contractor.

- 1) Each contractor may continue to work on accounts it retains during the In-Repayment Retention Period. Upon expiration of each Task Order Ordering Period of Performance, the in-repayment retention period may begin. If the Government issues more than one task order, the In-Repayment Retention Period may begin subsequent to the last task order awarded. The in-repayment retention period may run for up to twenty-four (24) months, except that upon return, recall or transfer of all accounts from this contract, the in-repayment retention period will end. During the in-repayment retention period, the Contractor may retain, except as provided in paragraph (3) below, accounts that remain in repayment in accordance with the PWS. Accounts transferred under this provision are subject to the prices and terms of this contract, except that the transferred accounts may *not* be included in the Competitive Performance and Continuous Surveillance (CPCS) performance indicators.
- 3) Subsequent PCA Task Orders—If the Contractor enters into a subsequent contract with ED for debt collection services, at any time during the in-repayment retention period of this IDIQ contract, ED may transfer any or all accounts from this IDIQ contract to the new Task Order or contract. (2) Title vests in the Government for all property acquired or fabricated by the Contractor in accordance with the financing provisions or other specific requirements for passage of title in the contract. Under fixed price type contracts, in the absence of financing provisions or other specific requirements for passage of title in the contract, the Contractor retains title to all property acquired by the Contractor for use on the contract, except for property identified as a deliverable end item. If a deliverable item is to be retained by the Contractor for use after inspection and acceptance by the Government, it shall be made accountable to the contract through a contract modification listing the item as Government-furnished property.

(3) *Title under Cost-Reimbursement or Time-and-Material Contracts or Cost-Reimbursable contract line items under Fixed-Price contracts.*

(i) Title to all property purchased by the Contractor for which the Contractor is entitled to be reimbursed as a direct item of cost under this contract shall pass to and vest in the Government upon the vendor's delivery of such property.

(ii) Title to all other property, the cost of which is reimbursable to the Contractor, shall pass to and vest in the Government upon—

- (A) Issuance of the property for use in contract performance;
- (B) Commencement of processing of the property for use in contract performance; or
- (C) Reimbursement of the cost of the property by the Government, whichever occurs first.

(iii) All Government-furnished property and all property acquired by the Contractor, title to which vests in the Government under this paragraph (e)(3)(iii) (collectively referred to as "Government property"), are subject to the provisions of this clause.

(f) *Contractor plans and systems.*

(1) Contractors shall establish and implement property management plans, systems, and procedures at the contract, program, site or entity level to enable the following outcomes:

(i) *Acquisition of Property.* The Contractor shall document that all property was acquired consistent with its engineering, production planning, and property control operations.

(ii) *Receipt of Government Property.* The Contractor shall receive Government property and document the receipt, record the information necessary to meet the record requirements of paragraph (f)(1)(iii)(A)(1) through (5) of this clause, identify as Government owned in a manner appropriate to the type of property (*e.g.*, stamp, tag, mark, or other identification), and manage any discrepancies incident to shipment.

(A) *Government-furnished property.* The Contractor shall furnish a written statement to the Property Administrator containing all relevant facts, such as cause or condition and a recommended course(s) of action, if

overages, shortages, or damages and/or other discrepancies are discovered upon receipt of Government-furnished property.

(B) *Contractor-acquired property.* The Contractor shall take all actions necessary to adjust for overages, shortages, damage and/or other discrepancies discovered upon receipt, in shipment of Contractor-acquired property from a vendor or supplier, so as to ensure the proper allocability and allowability of associated costs.

(iii) *Records of Government property.* The Contractor shall create and maintain records of all Government property accountable to the contract, including Government-furnished and Contractor-acquired property.

(A) Property records shall enable a complete, current, auditable record of all transactions and shall, unless otherwise approved by the Property Administrator, contain the following:

- (1) The name, part number and description, National Stock Number (if needed for additional item identification tracking and/or disposition) and other data elements as necessary and required in accordance with the terms and conditions of the contract.

(B) *Use of a Receipt and Issue System for Government Material.* When approved by the Property Administrator, the Contractor may maintain, in lieu of formal property records, a file of appropriately cross-referenced documents evidencing receipt, issue, and use of material that is issued for immediate consumption.

(iv) *Physical inventory.* The Contractor shall periodically perform, record, and disclose physical inventory results. A final physical inventory shall be performed upon contract completion or termination. The Property Administrator may waive this final inventory requirement, depending on the circumstances (*e.g.*, overall reliability of the Contractor's system or the property is to be transferred to a follow-on contract).

(v) *Subcontractor control.*

(A) The Contractor shall award subcontracts that clearly identify items to be provided and the extent of any restrictions or limitations on their use. The Contractor shall ensure appropriate flow down of contract terms and conditions (*e.g.*, extent of liability for loss of Government property).

(B) The Contractor shall assure its subcontracts are properly administered and reviews are periodically performed to determine the adequacy of the subcontractor's property management system.

(vi) *Reports.* The Contractor shall have a process to create and provide reports of discrepancies, loss of Government property, physical inventory results, audits and self-assessments, corrective actions, and other property related reports as directed by the Contracting Officer.

(vii) *Relief of stewardship responsibility and liability.* The Contractor shall have a process to enable the prompt recognition, investigation, disclosure and reporting of loss of Government property, including losses that occur at subcontractor or alternate site locations.

(A) This process shall include the corrective actions necessary to prevent recurrence.

(B) Unless otherwise directed by the Property Administrator, the Contractor shall investigate and report to the Government all incidents of property loss as soon as the facts become known. Such reports shall, at a minimum, contain the following information:

- (10) Copies of all supporting documentation.
- (11) Last known location.
- (12) A statement that the property did or did not contain sensitive, export controlled, hazardous, or toxic material, and that the appropriate agencies and authorities were notified.

(C) Unless the contract provides otherwise, the Contractor shall be relieved of stewardship responsibility and liability for property when—

- (1) Such property is consumed or expended, reasonably and properly, or otherwise accounted for, in the performance of the contract, including reasonable inventory adjustments of material as determined by the Property Administrator;
- (2) Property Administrator grants relief of responsibility and liability for loss of Government property;
- (3) Property is delivered or shipped from the Contractor's plant, under Government instructions, except when shipment is to a subcontractor or other location of the Contractor; or
- (4) Property is disposed of in accordance with paragraphs (j) and (k) of this clause.

(viii) *Utilizing Government property.*

(A) The Contractor shall utilize, consume, move, and store Government Property only as authorized under this contract. The Contractor shall promptly disclose and report Government property in its possession that is excess to contract performance.

(B) Unless otherwise authorized in this contract or by the Property Administrator the Contractor shall not commingle Government material with material not owned by the Government.

(ix) *Maintenance.* The Contractor shall properly maintain Government property. The Contractor's maintenance program shall enable the identification, disclosure, and performance of normal and routine preventative maintenance and repair. The Contractor shall disclose and report to the Property Administrator the need for replacement and/or capital rehabilitation.

(x) *Property closeout.* The Contractor shall promptly perform and report to the Property Administrator contract property closeout, to include reporting, investigating and securing closure of all loss of Government property cases; physically inventorying all property upon termination or completion of this contract; and disposing of items at the time they are determined to be excess to contractual needs.

(2) The Contractor shall establish and maintain Government accounting source data, as may be required by this contract, particularly in the areas of recognition of acquisitions, loss of Government property, and disposition of material and equipment.

(g) Systems analysis.

(1) The Government shall have access to the contractor's premises and all Government property, at reasonable times, for the purposes of reviewing, inspecting and evaluating the Contractor's property management plan(s), systems, procedures, records, and supporting documentation that pertains to Government property. This access includes all site locations and, with the Contractor's consent, all subcontractor premises.

(2) Records of Government property shall be readily available to authorized Government personnel and shall be appropriately safeguarded.

(3) Should it be determined by the Government that the Contractor's (or subcontractor's) property management practices are inadequate or not acceptable for the effective management and control of Government property under this contract, or present an undue risk to the Government, the Contractor shall prepare a corrective action plan when requested by the Property Administrator and take all necessary corrective actions as specified by the schedule within the corrective action plan.

(4) The Contractor shall ensure Government access to subcontractor premises, and all Government property located at subcontractor premises, for the purposes of reviewing, inspecting and evaluating the subcontractor's property management plan, systems, procedures, records, and supporting documentation that pertains to Government property.

(h) Contractor Liability for Government Property.

(1) Unless otherwise provided for in the contract, the Contractor shall not be liable for loss of Government property furnished or acquired under this contract, except when any one of the following applies—

(i) The risk is covered by insurance or the Contractor is otherwise reimbursed (to the extent of such insurance or reimbursement). The allowability of insurance costs shall be determined in accordance with 31.205-19.

(ii) Loss of Government property that is the result of willful misconduct or lack of good faith on the part of the Contractor's managerial personnel.

(iii) The Contracting Officer has, in writing, revoked the Government's assumption of risk for loss of Government property due to a determination under paragraph (g) of this clause that the Contractor's property management practices are inadequate, and/or present an undue risk to the Government, and the Contractor failed to take timely corrective action. If the Contractor can establish by clear and convincing evidence that the loss of Government property occurred while the Contractor had adequate property management practices or the loss did not result from the Contractor's failure to maintain adequate property management practices, the Contractor shall not be held liable.

(2) The Contractor shall take all reasonable actions necessary to protect the property from further loss. The Contractor shall separate the damaged and undamaged property, place all the affected property in the best possible order, and take such other action as the Property Administrator directs.

(3) The Contractor shall do nothing to prejudice the Government's rights to recover against third parties for any loss of Government property.

(4) The Contractor shall reimburse the Government for loss of Government property, to the extent that the Contractor is financially liable for such loss, as directed by the Contracting Officer.

(5) Upon the request of the Contracting Officer, the Contractor shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation, including the prosecution of suit and the execution of instruments of assignment in favor of the Government in obtaining recovery.

(1) *Predisposal requirements.*

(i) If the Contractor determines that the property has the potential to fulfill requirements under other contracts, the Contractor, in consultation with the Property Administrator, shall request that the Contracting Officer transfer the property to the contract in question, or provide authorization for use, as appropriate. In lieu of transferring the property, the Contracting Officer may authorize the Contractor to credit the costs of Contractor-acquired property (material only) to the losing contract with the corresponding cost, when such material is needed for use on another contract. Property no longer needed shall be considered contractor inventory.

(ii) For any remaining Contractor-acquired property, the Contractor may purchase the property at the unit acquisition cost if desired or make reasonable efforts to return unused property to the appropriate supplier at fair market value (less, if applicable, a reasonable restocking fee that is consistent with the supplier's customary practices.)

(2) *Inventory disposal schedules.*

(i) Absent separate contract terms and conditions for property disposition, and provided the property was not reutilized, transferred, or otherwise disposed of, the Contractor, as directed by the Plant Clearance Officer or authorizing official, shall use Standard Form 1428, Inventory Disposal Schedule or electronic equivalent, to identify and report—

- (A) Government-furnished property that is no longer required for performance of this contract;
- (B) Contractor-acquired property, to which the Government has obtained title under paragraph (e) of this clause, which is no longer required for performance of that contract; and

 - (C) 120 days, or such longer period as may be approved by the Termination Contracting Officer, following contract termination in whole or in part.
- (ii) Unless the Plant Clearance Officer determines otherwise, the Contractor need not identify or report production scrap on inventory disposal schedules, and may process and dispose of production scrap in accordance with its own internal scrap procedures. The processing and disposal of other types of Government-owned scrap will be conducted in accordance with the terms and conditions of the contract or Plant Clearance Officer direction, as appropriate.

(4) *Corrections.* The Plant Clearance Officer may—

Upon approval of the Plant Clearance Officer, or upon expiration of the notice period, the Contractor may make the necessary adjustments to the inventory schedule.

(6) *Storage.*

- (i) The Contractor shall store the property identified on an inventory disposal schedule pending receipt of disposal instructions. The Government's failure to furnish disposal instructions within 120 days following acceptance of an inventory disposal schedule may entitle the Contractor to an equitable adjustment for costs incurred to store such property on or after the 121st day.

(ii) The Contractor shall obtain the Plant Clearance Officer's approval to remove Government property from the premises where the property is currently located prior to receipt of final disposition instructions. If approval is granted, any costs incurred by the Contractor to transport or store the property shall not increase the price or fee of any Government contract. The storage area shall be appropriate for assuring the property's physical safety and suitability for use. Approval does not relieve the Contractor of any liability for such property under this contract.

(7) Disposition instructions.

(i) The Contractor shall prepare for shipment, deliver f.o.b. origin, or dispose of Contractor inventory as directed by the Plant Clearance Officer. Unless otherwise directed by the Contracting Officer or by the Plant Clearance Officer, the Contractor shall remove and destroy any markings identifying the property as U.S. Government-owned property prior to its disposal.

(4) The Government has no obligation to restore or rehabilitate the Contractor's premises under any circumstances; however, if Government-furnished property is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (i) of this clause may properly include restoration or rehabilitation costs.

(l) *Communication.* All communications under this clause shall be in writing.

(m) *Contracts outside the United States.* If this contract is to be performed outside of the United States and its outlying areas, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

Unless otherwise specified in this contract, the contractor shall not engage in, nor subcontract for, any printing (as that term is defined in Title I of the Government Printing and Binding Regulations in effect on the effective date of this contract) in connection with the performance of work under this contract; except that performance involving the duplication of fewer than 5,000 units of any one page, or fewer than 25,000 units in the aggregate of multiple pages, shall not be deemed to be printing. A unit is defined as one side of one sheet, one color only (with black counting as a color), with a maximum image size of 10³/₄ by 14¹/₄ inches on a maximum paper size of 11 by 17 inches. Examples of counting the number of units: black plus one additional color on one side of one page counts as two units. Three colors (including black) on two sides of one page count as six units.

C.3.13 EDAR 3452.208-72 PAPERWORK REDUCTION ACT (MAR 2011)

(a) The Paperwork Reduction Act of 1995 applies to contractors that collect information for use or disclosure by the Federal government. If the contractor will collect information requiring answers to identical questions from 10 or more people, no plan, questionnaire, interview guide, or other similar device for collecting information may be used without first obtaining clearance from the Chief Acquisition Officer (CAO) or the CAO's designee within the Department of Education (ED) and the Office of Management and Budget (OMB). Contractors and Contracting

Officers' Representatives shall be guided by the provisions of 5 CFR part 1320, Controlling Paperwork Burdens on the Public, and should seek the advice of the Department's Paperwork Clearance Officer to determine the procedures for acquiring CAO and OMB clearance.

(b) The contractor shall obtain the required clearances through the Contracting Officer's Representative before expending any funds or making public contacts for the collection of information described in paragraph (a) of this clause. The authority to expend funds and proceed with the collection shall be in writing by the contracting officer. The contractor must plan at least 120 days for CAO and OMB clearance. Excessive delay caused by the Government that arises out of causes beyond the control and without the fault or negligence of the contractor will be considered in accordance with the Excusable Delays or Default clause of this contract.

C.3.14 EDAR 3452.209-71 CONFLICT OF INTEREST (MAR 2011)

(a)(1) The contractor, subcontractor, employee, or consultant, has certified that, to the best of its knowledge and belief, there are no relevant facts or circumstances that could give rise to an organizational or personal conflict of interest (*see* FAR Subpart 9.5 for organizational conflicts of interest) (or apparent conflict of interest) for the organization or any of its staff, and that the contractor, subcontractor, employee, or consultant has disclosed all such relevant information if such a conflict of interest appears to exist to a reasonable person with knowledge of the relevant facts (or if such a person would question the impartiality of the contractor, subcontractor, employee, or consultant). Conflicts may arise in the following situations:

(i) *Unequal access to information* —A potential contractor, subcontractor, employee, or consultant has access to non-public information through its performance on a government contract.

(ii) *Biased ground rules* —A potential contractor, subcontractor, employee, or consultant has worked, in one government contract, or program, on the basic structure or ground rules of another government contract.

(iii) *Impaired objectivity* —A potential contractor, subcontractor, employee, or consultant, or member of their immediate family (spouse, parent, or child) has financial or other interests that would impair, or give the appearance of impairing, impartial judgment in the evaluation of government programs, in offering advice or recommendations to the government, or in providing technical assistance or other services to recipients of Federal funds as part of its contractual responsibility. "Impaired objectivity" includes but is not limited to the following situations that would cause a reasonable person with knowledge of the relevant facts to question a person's objectivity:

(A) Financial interests or reasonably foreseeable financial interests in or in connection with products, property, or services that may be purchased by an educational agency, a person, organization, or institution in the course of implementing any program administered by the Department;

(B) Significant connections to teaching methodologies that might require or encourage the use of specific products, property, or services; or

(C) Significant identification with pedagogical or philosophical viewpoints that might require or encourage the use of a specific curriculum, specific products, property, or services.

(2) Offerors must provide the disclosure described above on any actual or potential conflict (or apparent conflict of interest) of interest regardless of their opinion that such a conflict or potential conflict (or apparent conflict of interest) would not impair their objectivity.

(3) In a case in which an actual or potential conflict (or apparent conflict of interest) is disclosed, the Department will take appropriate actions to eliminate or address the actual or potential conflict (or apparent conflict of interest), including but not limited to mitigating or neutralizing the conflict, when appropriate, through such means as ensuring a balance of views, disclosure with the appropriate disclaimers, or by restricting or modifying the work to be performed to avoid or reduce the conflict. In this clause, the term “potential conflict” means reasonably foreseeable conflict of interest.

(b) The contractor, subcontractor, employee, or consultant agrees that if “impaired objectivity”, or an actual or potential conflict of interest (or apparent conflict of interest) is discovered after the award is made, it will make a full disclosure in writing to the contracting officer. This disclosure shall include a description of actions that the contractor has taken or proposes to take, after consultation with the contracting officer, to avoid, mitigate, or neutralize the actual or potential conflict (or apparent conflict of interest).

(c) *Remedies.* The Government may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid the appearance of a conflict of interest. If the contractor was aware of a potential conflict of interest prior to award or discovered an actual or potential conflict (or apparent conflict of interest) after award and did not disclose or misrepresented relevant information to the contracting officer, the Government may terminate the contract for default, or pursue such other remedies as may be permitted by law or this contract. These remedies include imprisonment for up to five years for violation of 18 U.S.C. 1001 and fines of up to \$5,000 for violation of 31 U.S.C. 3802. Further remedies include suspension or debarment from contracting with the Federal government. The contractor may also be required to reimburse the Department for costs the Department incurs arising from activities related to conflicts of interest. An example of such costs would be those incurred in processing Freedom of Information Act requests related to a conflict of interest.

(d) In cases where remedies short of termination have been applied, the contractor, subcontractor, employee, or consultant agrees to eliminate the organizational conflict of interest, or mitigate it to the satisfaction of the contracting officer.

(e) The contractor further agrees to insert in any subcontract or consultant agreement hereunder, provisions that conform substantially to the language of this clause, including specific mention of potential remedies and this paragraph (e).

C.3.15 EDAR 3452.224-70 RELEASE OF INFORMATION UNDER THE FREEDOM OF INFORMATION ACT (MAR 2011)

The content of this publication does not necessarily reflect the views or policies of the U.S. Department of Education nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government.”

C.3.17 EDAR 3452.227-71 ADVERTISING OF AWARDS (MAR 2011)

The contractor agrees not to refer to awards issued by, or products or services delivered to, the Department of Education in commercial advertising in such a manner as to state or imply that the product or service provided is endorsed by the Federal government or is considered by the Federal government to be superior to other products or services.

C.3.18 EDAR 3452.227-72 USE AND NON-DISCLOSURE AGREEMENT (MAR 2011)

(a) Except as provided in paragraph (b) of this clause, proprietary data, technical data, or computer software delivered to the Government with restrictions on use, modification, reproduction, release, performance, display, or disclosure may not be provided to third parties unless the intended recipient completes and signs the use and non-disclosure agreement in paragraph (c) of this clause prior to release or disclosure of the data.

(1) The specific conditions under which an intended recipient will be authorized to use, modify, reproduce, release, perform, display, or disclose proprietary data or technical data subject to limited rights, or computer software subject to restricted rights must be stipulated in an attachment to the use and non-disclosure agreement.

The recipient shall not release, perform, display, or disclose these data, without the express written permission of the contractor whose name appears in the restrictive legend (the contractor), to any person other than its subcontractors or suppliers, or prospective subcontractors or suppliers, who require these data to submit offers for, or perform, contracts with the recipient. The recipient shall require its subcontractors or suppliers, or prospective subcontractors or suppliers, to sign a use and non-disclosure agreement prior to disclosing or releasing these data to such persons. The contract shall be modified to reflect the addition or deletion of key personnel.

(b) The following personnel have been identified as Key Personnel in the performance of this contract:

Labor category	Name
Contract Representative	[Insert name]

C.3.26 FSA 4-1 Online Representation and Certification Updates (April 2013)

The Small Business Administration validates a Contracting Officer's reporting of an awardee's business size in the Federal Procurement Data System by comparing it with contractor-reported data contained in the System for Award Management (SAM) located at <https://www.sam.gov/portal/public/SAM/>. Even if an Offeror elects to

execute a hard copy of the Offeror's representations and certifications when responding to this solicitation or request for quotation, the Offeror is also required to ensure the NAICS identified with this acquisition, and the Offeror's corresponding business size, is updated in SAM.

C.3.27 FSA 22-2 Service Contract Act and Fair Labor Standards Act Requirements in Escalated Contracts (JAN 2013)

The Service Contract Act and Fair Labor Standards Act apply to this contract. This clause applies to both contracts that are subject to area prevailing wage determinations and contracts subject to Contractor collective bargaining agreements. The Government has determined that both or either of the following is applicable:

1. the contract is performance-based and payment to the contractor will be a percentage based upon actual performance, and/or
2. The contract is issued on a firm-fixed-price basis, the Government anticipates a mix of exempt and non-exempt personnel during performance of the contract, and escalation is provided for in the contract.

The contract addresses:

1. any price escalation of the fixed contract line item prices of the base and optional periods of performance or ordering periods, including but limited to, built-in economic price adjustment or other alternative pricing method, as appropriate;
2. any increases or decreases made to:
 - a. Wage Determinations or Conforming Wage Determinations that the Contractor may request of the Department of Labor that occur with the exercise of options or that occur as a result of time triggers identified in the Service Contract Act; or,
 - b. comply with an amendment to the Fair Labor Standards Act of 1938 that is enacted subsequent to award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

Such changes will be cared for through escalations already identified in the contract, and no claim shall be made either by the Contractor or the Government as a result of increases or decreases in Wage Determinations, Conforming Wage Determinations, or changes to the minimum wage. This clause does not relieve the Contractor of its responsibility to pay a covered employee wages consistent with the Service Contract Act and Fair Labor Standards Act in the event the escalation does not cover the total amount of the increase.

C.3.28 FSA 25-1 PROHIBITIONS ON CONTRACT PERFORMANCE OUTSIDE OF THE UNITED STATES (JULY 2012)

The Contractor has represented to the Department that it will perform all work required under this Contract within the United States. If, at any time, the Contractor wishes to perform any Contract work outside the United States, the Contractor shall inform the Contracting Officer, in advance and in writing, of its intention and request the Department's approval. The Contractor shall not perform any Contract work outside the United States unless and until it has received the Contracting Officer's explicit, written approval to perform such work. In order to give proper consideration to the Contractor's request, the Department may ask for, and the Contractor shall provide, information relevant to the proposed performance outside the United States, including but not limited to a detailed description of the physical, personnel and management resources to be used and any potential difficulties or constraints in performing in the foreign jurisdiction. The Department may refuse to approve Contract performance outside the United States to the extent that, solely in the Department's judgment, the Contractor has not shown that performance outside the United States would satisfy the Contract requirements and would not impair or degrade performance. Further, the Department may refuse to approve any performance outside the United States for any other reason, or for no reason, except as otherwise required by the laws and treaties of the

United States. The Department may approve performance outside the United States subject to certain conditions, to which conditions the Contractor shall strictly adhere. Neither performance within the United States, nor the Department's refusal to allow performance outside the United States shall ever constitute a change to this Contract or give rise to any entitlement to additional compensation or excuse any failure of performance by the Contractor. Nothing in this clause shall be interpreted to impose any obligation on the Department to allow or to refuse a request for performance of this Contract outside the United States.

C.3.29 FSA 27-1 LABELING OF DOCUMENTS (JUNE 2007)

The Contractor shall not label any data produced in performance of this contract in a way that would restrict the Government's right to use or release the information. If applicable, the Contractor shall include a legend that identifies sensitive data that should not be released for security reasons. Under FAR clause 52.227-14, Rights in Data-General (or 52.227-15, -16, -17) clause, this data may be used for any purpose the Government deems appropriate. Deliverables shall not contain vendor-specific logos, mottos, watermarks, or holograms.

The Contractor shall not use, particularly for proposals, U.S. Government logos, such as the U.S. Department of Education or Federal Student Aid.

(g) As directed by the Contracting Officer, the Contractor shall participate and collaborate with ED and its contractors in training events, exercises, and drills associated with Government efforts to test the effectiveness of continuity of operations procedures and practices with internal and external entities. Results of the exercises shall be delivered to the Contracting Officer or other designated representative within 7 days after the exercise.

(h) In the event the Contractor anticipates not being able to perform any of the mission critical contractor services identified in the paragraph above, the Contractor shall notify the Contracting Officer or other designated representative immediately and use its best efforts to cooperate with the Government in the Government's efforts to maintain the continuity of operations. In no way does (h) relieve the contractor of financial responsibility in meeting the contract terms and conditions.

(i) The Government reserves the right to use Federal employees of other agencies or support from other parties or to enter into new contracts for mission critical contractor services. Any new contracting efforts would be conducted in accordance with OFPP letter, "Emergency Acquisitions" May 2011 and FAR Part 18, respectively, or any other subsequent emergency guidance issued.

- (1) Mission Critical Contractor System or Other Services – are defined as a system or other services that have a material impact on the accomplishment of the Federal Student Aid mission.

(b) The contractor is required to coordinate all changes to mission critical contractor systems or other services used to implement Federal Student Aid IT operations and services with the individual(s) identified in (c) at least five business days prior to changes, absent exigent circumstances. Emergency changes require immediate notification of the individual(s) identified in (c) as soon as the change requirement is known, but prior to the change. If the continuity of such system or services is disrupted as a consequence of the Contractor's failure to adequately coordinate these changes with FSA, the Contractor may be subject to contractual remedies available to the government pursuant to the terms of the contract or as authorized by law.

(c) The contractor shall contact the following individual(s) to coordinate all changes to mission critical contractor systems or services:

(Fill in Point of Contact Name and Phone Number)

C.3.32 FSA 39-1 REPORTING REQUIREMENTS FOR DEPARTED CONTRACTOR EMPLOYEES (AUGUST 2012)

As part of security clearance processing, the contractor is required to notify the Government no later than the end of the business day on the day a contractor employee proposed for or awarded a security clearance under this contract or memorandum of understanding departs employment under this contract or memorandum of understanding. To meet this requirement, the contractor shall send an encrypted email to FSAPersonnelSecurity@ed.gov and OMPersonnelSecurity@ed.gov with a carbon copy to the Contracting Officer, Contracting Officer's Representative, and Information Security System Officer. The contractor will be advised under separate communications of the encryption password schematics that must be followed in reporting under this clause. The subject line of the email shall read "Departed User", and include the following information:

- Employee Last Name, First Name

 - Security and management process for the physical devices as well as changes in assignment.

- e) Upon written notification from the Contracting Officer, the contractor shall affirm its understanding and compliance with the Government's requirement for quarterly re-certification of user access and token activation. In the event of any reported security breach, the Government shall immediately disable or deactivate contractor access to its network without prior notice.

C.3.34 FSA Manual Clause - On-site Inspections

The Government reserves the right to make periodic, unannounced site inspections of the Contractor's office(s) and any subcontractor office(s). The purpose of these inspections shall be to assess contractor performance, particularly in the areas of adherence to the contract requirements and applicable legislation, and the security of records.

C.3.35 Contractor Performance Evaluation (Competitive Performance and Continuous Surveillance)

- (1) The Competitive Performance and Continuous Surveillance (CPCS), an in-depth evaluation, shall be conducted to determine the adequacy of the contractors' performance on all accounts transferred.
- (2) Several months after the first placement of accounts, the Government shall conduct the first CPCS to measure the relative performance of each DCS contractor during the CPCS surveillance period. This first CPCS surveillance period will run from the first placement of accounts through the end of the sixth month thereafter. Subsequent CPCS evaluations will be conducted quarterly.
- (3) Each contractor that achieves the highest ranking in one of the three primary performance indicators: Dollars Collected, Accounts Serviced and Administrative Resolutions will receive the total potential points for the respective performance indicator. The points assigned to the remaining contractors for the three performance indicators will be based on the relative percentage each contractor is behind the lead contractor.
- (4) Incentive fees and transfers of new accounts shall be based upon each contractor's total CPCS score. The contractors with the top CPCS scores will receive an incentive fee on dollars collected during the evaluation period. A contractor's most recent CPCS score will be applicable for all transfers until the completion of the next regular CPCS evaluation, unless otherwise indicated by the Contracting Officer.
- (5) The Contracting Officer reserves the right to change any aspects of the CPCS, including but not limited to the formulas, relative weights assigned to performance metrics, point ranges, possible exclusion of specified types of administrative resolutions from either the Account Servicing Percentage or the Administrative Resolution Percentage, or the frequency or methodology of calculation. The Government shall give written notice to the Contractor at least thirty days before the start of the first CPCS period affected by a change to any aspect of CPCS set forth elsewhere in this clause.

C.3.36 CPCS Standing and Performance Range

- (1) The CPCS performance range is defined as Scoring 65 or more points on an individual CPCS.
- (2) A finish within the CPCS performance range does not assure that the Contractor will receive a contract extension under the option clause or any other provisions of this contract. Decisions to extend the contract will be based on a total range of issues, completely within ED's discretion.
- (3) Other factors being equal, for purposes of this contract, the Government considers CPCS scores:
 - 1. Of 95 or higher to be an indicator of Outstanding performance;

2. From 85 up to 94 to be an indicator of Excellent performance;
3. From 75 up to 84 to be an indicator of Good performance;
4. From 65 up to 74 to be an indicator of Average performance;
5. Below 65 to be an indicator of Poor performance.

These adjectival ratings are intended to serve as convenient groupings and references within the context of these contracts. The Government will consider other factors including, but not limited to the following: complaints, violations of the Fair Debt Collections Act security risks or violations, computer system inadequacies, or deficiencies in procedures, quality control or training.

C.3.37 Performance Metrics

The Government will evaluate DCS contractors using the following performance metrics, except as changed in accordance with Section B.2. All metrics will be measured at two decimal places.

PERFORMANCE METRIC #1: DOLLARS COLLECTED PERCENTAGE - 70 Points.

The Dollars Collected Percentage will be calculated based upon the following formulas:

Formula #1:

DOLLARS COLLECTED FOR THE GOVERNMENT (DC) –DC is the gross amount the Government realizes before the contractor's commissions have been subtracted from the dollars collected. Dollars collected are defined as regular collections, administrative wage garnishment payments, and the final sale and transfer value of all debts rehabilitated.

Example:

- CA's regular collections and administrative wage garnishment payments sum to \$3,500,000 for the three (3) month period.
- CA's final sale of all debts rehabilitated totaled \$2,500,000 for the three (3) month period.
- Dollars Collected for the Government is \$6,000,000. (\$3,500,000 plus \$2,500,000).

Formula #2:

CURRENT INVENTORY BALANCE (CIB)—CIB is the beginning balance of all accounts held by the Contractor at the end of the previous CPCS period. (The Government will assign a fixed CIB for the first CPCS surveillance period.) The inventory balance is comprised of principal, interest and fees. Projected collection costs are not included.

Example:

- Contractor A's ending inventory for Month 3 of the previous CPCS period is \$250,000,000 and 60,000 accounts.
- For the CPCS surveillance period, the current inventory balance (CIB) is \$250,000,000 and the current inventory of accounts (CIA) is 60,000.

CURRENT INVENTORY OF ACCOUNTS (CIA)—CIA is the same as CIB, except accounts, instead of dollars, are measured.

Formula #3:

AVERAGE INVENTORY BALANCE (AIB)—AIB is the average (mean) CIB from the four most recent CPCS surveillance periods. For the first four CPCS surveillance periods, the AIB is defined below. The inventory balance is comprised of principal, interest and fees. Projected collection costs are not included.

The AIB for CPCS period 1 will equal the CIB for this period. If a transfer is done in the last month of this CPCS period, it will NOT be included in the CIB.

The AIB for CPCS period 2 will be the sum of all transfers during CPCS period 1

The AIB for CPCS period 3 will sum the CPCS periods 1, and 2 and divide by 2

The AIB for CPCS period 4 will sum the CPCS periods 1, 2 and 3 and divide by 3

The AIB for CPCS period 5 will be the sum of CPCS periods 1, 2, 3 and 4 and divide by 4.

All other AIB calculations will use the last 4 CPCS periods.

Example:

- Contractor A's CIB for
 - o CPCS period #3 is \$200,000,000
 - o CPCS period #4 is \$233,000,000
 - o CPCS period #5 is \$242,000,000
 - o CPCS period #6 is \$248,000,000
- For CPCS period #6, the average inventory balance (AIB) is \$230,750,000

Formula #4:

DOLLARS COLLECTED PERCENTAGE (DCP)—DCP is a percentage determined by dividing DC by AIB, (DC/AIB).

Example:

- a. There are only two contractors in competition.
- b. The DCP following the preceding examples would be:
- c. DC of \$6,000, 000 divided by AIB of \$230,750,000 equals DCP: 2.60%
- d. Contractor B's DC is \$6,250,000 and its AIB is \$250,000,000.
- e. Contractor B achieves a DCP of 2.50%.
- f. Contractor A achieves the highest DCP during the surveillance period of 2.60%
- g. For Performance Indicator #1, Contractor A will be awarded the full 70 points while Contractor B will be awarded 67.31 points. $[(2.50 / 2.60) \times 70]$.

PERFORMANCE METRIC #2: ACCOUNT SERVICING PERCENTAGE (ASP) - 20 Points.

ASP is the proportion of the sum of the net number of:

- a. Accounts approved, and if required returned, for administrative resolution (only one administration resolution is counted in CPCS per account resolved), and
- b. Accounts that had payments received during the CPCS surveillance period.

The ASP would be calculated as follows:

- a. Contractor A submitted and was approved for 1,500 litigation accounts, returned and approved for 500 non-cash account resolutions, and received payments on 3,250 accounts. Total accounts serviced sum to 5,250. The contractor's CIA is 50,000. ASP is 5,250 divided by 50,000 or 10.50%.
- b. Contractor B submitted and was approved for 750 litigation accounts, returned and approved for 250 non-cash account resolutions, and received payments on 2,000 accounts. The total accounts serviced sum to 3,000. The contractor's CIA is 60,000. ASP is 3,000 divided by 60,000 or 5.0%.
- c. For Performance Indicator #2, since Contractor A has the best ASP, Contractor A will be awarded the full 20 points. Contractor B will be awarded 9.52 points. $((5.0/10.50) \times 20)$

PERFORMANCE METRIC #3: ADMINISTRATIVE RESOLUTION PERCENTAGE (ARP) - 10 points. ARP is the proportion of accounts prepared and, if required, returned for non-cash resolution to ED. Only one administration resolution is counted in CPCS per account resolved. See preceding example for Performance Indicator #2 for calculation methodology.

PERFORMANCE METRIC #4: SMALL BUSINESS SUBCONTRACTING – A plus or minus range of points. This performance indicator only applies to contractors in the Unrestricted Pool. This performance indicator will not be used for CPCS period #1 and will not begin until initiated by the Government. At least thirty days before the start of the first CPCS period to which a Small Business Subcontracting measure will apply, the Government shall provide to the Contractor the measurement factors, relative weights, point range, targets, formulas and methodology related to calculation of the Small Business Subcontracting performance indicator. The Small Business Subcontracting performance indicator will measure contractors' small business subcontracting relative to the percentage of accounts assigned target and intent described in clause, Small Business Subcontracting Targets and Reports of this contract. Contractors will receive plus scores for meeting or exceeding targets. Unlike most other CPCS performance indicators, the rating for Small Business Subcontracting may be based on performance during the previous CPCS surveillance period(s). Similar to the other CPCS performance indicators, the top performer will receive the full points available (The point range for Small Business Subcontracting will be as established by the Government, but will not be greater than +5 to 0 points). All contractors that meet the small business subcontracting transfer targets of clause Small Business Subcontracting Targets and Reports, as a proportion of their new accounts received each quarter, will earn 5 points. These points will be added to total quarterly CPCS score. The 5 points requires a random transfer of an approved method of transfer that benefits the small business. Contractors that transfer more than the transfer target of their new accounts received will still only receive 5 points. Contractors that transfer less than the transfer target of their new accounts received will earn less than 5 points, which will be determined via a rank and percentile score against the other unrestricted Contractors; each contractor's percentile score will be multiplied by 5 points to derive their total points for the small business component of the CPCS. See example below.

Unrestricted Contractor	Percent Transferred	Rank	Percentile	CPCS Points
Contractor A	11%	1	100%	5.00
Contractor B	10%	2	75%	5.00
Contractor C	8%	3	50%	2.50
Contractor D	5%	4	25%	1.25
Contractor E	1%	5	0%	0.00
Contractor F	0%	6	0%	0.00

PERFORMANCE METRIC#5: SERVICE QUALITY (SQ) – A plus or minus range of points. The Government may measure a variety of mostly objective factors that contribute to the quality of service provided to ED and its borrowers. These factors may include accuracy and completeness, rejections, bounced checks, customer satisfaction or other factors. Prior to the first account transfer to which an SQ measure will apply, the Government shall provide to the Contractor the measurement factors, relative weights, point range, targets, formulas and methodology related to calculation of the Service Quality performance indicator.

C.3.38 Incentive Fees

- (1) **Incentive Fees**—The top performers under these contracts set the standards by which all DCS contractors are measured. These high standards help drive better performance by all DCS contractors under these contracts. The purpose of the incentive fees is to motivate all contractors and reward the contractors that provide the best performance under these contracts.
- (2) **CPCS Ties**—For purposes of earning an incentive fee, Contractors with CPCS scores that are within one half (½) point of each other will be considered to be in a tie. If two or more Contractors finish in a tie, the Government will pay the bonus percentage to each Contractor. If two Contractors finish in a tie for first place, the next highest ranked Contractor will remain in third place.
- (3) **CPCS Scores**—All incentive fees under this clause are based on the Contractor's performance as measured by CPCS. Notwithstanding any other terms of this contract, the contractor may not receive an incentive fee if it's CPCS score applicable to that incentive fee is less than 80 points.
- (4) **Base for Bonus Percentages**— The incentive fee for the Long-Term CPCS will be applied to the dollars collected by the Contractor. For Long-Term CPCS incentive fee purposes, dollars collected are defined as regular collections, administrative wage garnishment payments and the final sale/transfer of all FFEL debts rehabilitated. No bonus will be applied to the transfer value of Direct Loan Program Rehabilitations.

The incentive fee for the Quarterly CPCS fee will be applied to the dollars collected by the Contractor. For Quarterly CPCS incentive fee purposes, dollars collected are defined as regular collections, administrative wage garnishment payments, and the final sale/transfer of all FFEL debts rehabilitated.

- (5) **First CPCS Ranking**— The first CPCS surveillance period will run from the first placement of accounts through a time to be determined by the Department.

No Long-Term bonus will be paid on the initial CPCS surveillance period.

- (6) **Quarterly CPCS Incentive Fee**— Incentive fees will be based on Contractors' performance during the quarterly CPCS period. Top ranking Contractors will be paid an incentive for that quarterly CPCS period. Approximately 33% to the top CPCS performers will receive a performance bonus per quarter. An example of the Quarterly CPCS Incentive Fee Plan for an estimated pool of 12 contractors is as follows:

Quarterly CPCS Ranking	Incentive Fee
First	4%
Second	3%
Third	2%
Fourth	1%

- (7) **Long-Term CPCS Incentive Fee**— Beginning with the second CPCS surveillance period and continuing through the base period of this Task Order, the long-term CPCS ranking will be based on the combined totals from all CPCS performance periods over the life of the Task Order. Beginning with the first CPCS period of the first option term of the Task Order, the "Long-Term" CPCS ranking will be based on the

combined totals for the last seven (7) CPCS periods (i.e., 21 months). For this calculation, approximately the top 25% of Contractors will be paid a bonus on dollars collected for the most recently completed quarterly CPCS surveillance period. An example of the Long-Term CPCS Incentive Fee Plan for an estimated pool of 12 contractors is as follows:

Long-Term CPCS Ranking	Incentive Fee
First	5%
Second	3%
Third	1%

- (8) **Maximum Incentive Fee**— No Contractor may earn more than 6% in combined bonuses during any CPCS surveillance period. The top performer in the Long-Term CPCS ranking will only be eligible for an additional 1% bonus regardless of its ranking on the Quarterly CPCS. The second place agency on the Long-Term CPCS ranking may not earn more than 5% in combined bonuses in any CPCS period. The second place agency on the Long-Term CPCS ranking will only be eligible for an additional 2% bonus if it finishes first on the Quarterly CPCS, and only 1% for a second or third place finish. All other agencies will be eligible for the full amount of the listed quarterly CPCS bonuses. Thus, the maximum percentage a Contractor may receive in combined bonuses during any CPCS surveillance period is as follows:

Long Term Ranking	Quarterly Ranking			
	1	2	3	Below 3
1	6%	6%	6%	5%
2	5%	4%	4%	3%
3	4%	3%	2%	1%
Below 3	4%	3%	2%	1%

C.3.39 Small Business Subcontracting Targets and Reports

(a) This subsection applies only to contractors resulting from solicitation ED-FSA-13-R-0010. For purposes of this subsection, the term “subcontractor” includes members of team arrangements. The Contractor agrees that the total amount of payments to subcontractors and members of a contractor team arrangement that are not small business concerns shall not exceed 20% of Task Order proceeds (i.e., of payments by the Government to the Contractor). If the Contractor exceeds this limitation, the Contracting Officer shall give the Contractor written notice requiring the Contractor to reduce its use of other-than-small-business subcontractors or team members. If within 6 months of the date of the Contracting Officer’s notice, the Contractor’s payments to subcontractors and team members still exceed the limitation (calculated on a task-order-to-date basis), the Contracting Officer may assess liquidated damages in a manner and amount similar to that described in the clause at I.5, FAR 52.219-16 Liquidated Damages-Subcontracting Plan (Jan 1999).

ED will include small business subcontracting as part of the CPCS Service Quality measure described in Clause, Contractor Performance Evaluation, of this contract. To ensure meaningful subcontract opportunities, ED will give greater weight in CPCS to subcontracts that assign accounts for collection to small businesses. ED’s goal is to ensure that small businesses receive a fair share of revenue under this contract.

Small business subcontracts are not restricted to collection efforts. However, to ensure that small businesses have opportunities collecting defaulted student's loans, the following targets shall apply to each quarterly CPCS surveillance period:

Placement to a small business subcontractor of at least the following of percentage of accounts transferred to the Contractor that quarter within 5 business days of ED's transfer of the account to the Contractor.

Percentage of Accounts Assigned

Contract Base Period

To Be Determined %

The target percentages are based on each quarter, not each transfer. For example, a contractor could do all of its small business placements from a single transfer from ED. No target shall apply to the initial CPCS period.

Accounts that the Contractor has selected or culled in a biased manner may not be counted toward the target. However, the Contractor may select accounts for placement if the selection is made for the small business's benefit. For example, a selection of accounts for placement might be based on borrowers located in a geographical area on which the small business focuses.

C.3.40 Subcontractors and Third Parties

a. Flow-Down Provisions

The Contractor shall ensure that subcontracts include flow-down provisions where required by clauses incorporated into this contract. Any subcontract under which the subcontractor will have access to ED data or systems must include provisions incorporating the requirements of Performance Work Statement, Security Requirements, and clauses Privacy Act, Security Clearance and User ID Requests, and Removal from Project Access.

b. Consent to Subcontract

If the Contracting Officer provides consent to subcontract, the consent does not constitute an approval of a contract agreement with a subcontractor, nor does it require the Prime contractor to issue the subcontract.

Prior to releasing any data protected by the Privacy Act to a subcontractor (or any third party) the Contractor shall provide to the Government a copy of the subcontract or other documentation demonstrating that the Contractor has met the requirements of paragraph 'a' of this clause. The Contractor shall provide a copy of this documentation to the Contract Specialist and Contracting Officer's Representative (COR). The Contractor must obtain the Contracting Officer's consent to proceed before releasing any data protected by the Privacy Act to a subcontractor. The Contractor may request this consent prior to execution of the proposed subcontract.

C.3.41 Organizational Limit on Contracts

- 1) The Government intends to award more than one contract as a result of this solicitation.
- 2) No organization, including any affiliate, division or parent of the organization, may receive or hold more than one contract resulting from solicitations ED-FSA-13-R-0006 (small business set-aside) and ED-FSA-13-R-0010 for Default Collection Services.

- 3) If, after award, one organization that holds a contract under this solicitation, purchases, merges with or otherwise enters into an affiliation with another organization that also held a contract as a result of this solicitation, only one contract will remain in effect. The Contractor may choose which contract will continue. If the Contractor does not choose or if there is disagreement or ambiguity, the Contracting Officer will determine which Contract will continue. The continuing Contractor may choose either to have ED:
 - i) Recall all accounts (including those in repayment) from the expiring contract within sixty days of the effective date of the sales or merger transaction; or
 - ii) Transfer all accounts (including that not in repayment) to the continuing contract within sixty days of the effective date of the sales or merger transaction. All transferred accounts would be included in performance indicators for the continuing contract.
- 4) No organization may participate in more than one contract—whether as an awardee, a member of a team arrangement or as a subcontractor—to the extent that it would in essence be competing against itself, as determined by the Contracting Officer. ED does not intend to approve a subcontract or team arrangement that would allow an organization to essentially compete against itself. The Contracting Officer may waive this restriction if the subcontract or team arrangement is:
 - i) Part of a mentoring relationship;
 - ii) With an organization whose purpose is to provide employment for persons with disabilities; or
 - iii) Of such special benefit to the public or the Federal Government that the Contracting Officer determines in writing that it is in the best interests of the Federal Government to waive the restriction.
- 5) ED does not consider an awardee under solicitation ED-FSA-13-R-0006 sub-contracting with one or more awardees under solicitation ED-FSA-13-R-0010 to be essentially competing with itself. Thus, the subcontracting restriction in paragraph (4) of this clause does not apply to an awardee under solicitation ED-FSA-13-R-0006 that subcontracts to more than one awardee under solicitation ED-FSA-13-R-0010. Awardees from the unrestricted procurement shall not be sub-contractors to more than one awardee in the small business procurement, solicitation ED-FSA-13-R-0006.

C.3.42 Security Clearance and User ID Requests

- 1) Contractor staff proposed to perform work under this Contract shall be subject to ED investigation criteria. Contractor staff working without a final clearance does so on a conditional basis while obtaining the required clearance. The ED investigation includes, at a minimum, the following items:
 - i) Investigation of criminal record
 - ii) Reference checks
 - iii) Check for defaulted student loans
 - iv) Security clearances
- 2) The U.S. Department of Education Contractor Employee Personnel Security Screenings Policy defines security levels. ED assigns the security level appropriate for each labor category, commensurate with the duties and system access of the position. The security level also dictates when new or replacement staff may begin to perform work under this Contract relative to the submission of the security clearance paperwork. The security levels and work rules include:
 - i) High Risk (Level 6C) – An employee cannot assume high-risk positional duties until the security investigation is completed and approved by ED. A waiver option is available, on approval by the OM Computer Security Officer (CSO) and ED's ADP Security Oversight Staff. Employees selected for these positions can work in a lower-level position until the clearance is approved.

- ii) Moderate Risk (Level 5C) – An employee can start working moderate risk positional duties upon submission of the security clearance paperwork to the OM CSO through the COTR.
- iii) Low Risk (Level 1C) – An employee can start working low risk positional duties upon submission of the security clearance paperwork to the OM CSO through the COTR.

3) The Contractor shall:

- i) As part of the hiring process for ED account personnel the contractor shall, for each new hire:
 - (1) Complete a national background check for criminal activity – Proof of the background check must be kept in a personnel file and available for review by the Department upon request.
 - (2) Verify previous employment information – Documentation of verification must be kept in a personnel file and available for review by the Department upon request.
 - (3) Submit the new hire's SSN to Education for review of defaulted loans – Procedures for this process are documented in the DCS Procedure Guide.
- ii) The security clearance and User ID paperwork required by ED must be accurately and thoroughly completed and submitted to ED based on ED DCS procedures.
- iii) Obtain its supply of security clearance forms directly from the OM CSO.
- iv) Reproduce as needed the ED/CCF User ID request form (88-01) for this specific project.
- v) Remove any individual from their position for whom ED disapproves and withdraws their clearance and immediately revoke their access to all ED systems.

4) Clearance Submission Guidelines

- i) The Contractor shall submit security paperwork for any position requiring an ED clearance based on the ED Information Technology Security Manual and the guidelines contained herein. Table 1 details the forms that contractor staff shall complete to request processing of a security clearance.

Table 1. Clearance Forms Required for Positions

- (1) Assure the clearance level sought for the employee is based upon the criteria established by ED.
- (2) Assure that the employee completes the proper forms, as detailed in Table-1 as follows:
 - (a) Employees without a clearance must complete all required forms.
 - (b) Employees with current or previous clearances must complete additional forms as required to meet all requirements.
- iii) For employees with current or previous clearances requiring no additional paperwork: Complete a memo, on company letterhead with an authorized signature, with the following:

 - (7) (At time of investigation)
 - (8) Contract Number
 - (9) Agency completing the investigation
- iv) For employees with current or previous clearances requiring additional paperwork, forward the completed additional paperwork to the Contractor's Project Manager. This primarily concerns upgrading to a higher security level.
- v) Ensure that the proper forms are accurate and complete before forwarding the forms in sealed envelopes, through the COR, to the OM CSO.
- vi) Notify the employee's manager of the security investigation results.
- vii) Remove the employee from performing work under this Contract in the event of a clearance denial and revoke all User IDs.
- ii) Ensure that no one receives a User ID for any Recipient and Financial Management system(s) component operated outside the ED/CCF until the ED/CCF User ID is approved by the OM CSO and established at the ED/CCF.

C.3.43 Removal from Project Access

The Contractor shall adhere to the guidance in FSA 39-1 and take additional following actions.

- 1) When employees are removed from positions, the Contractor shall:
 - i) Revoke all access authorizations
 - ii) Retrieve all specific keys and badges
 - iii) Change the combinations on all locks to which the employee had access
 - iv) Review the employee's obligations to the organization
 - v) Notify appropriate ED security officials of the removal action and request emergency termination of the ED/CCF User ID if appropriate to the cause for removal

 - v) Complete the Manager's Checklist for Employee Termination and forward the checklist to the Project Manager
 - vi) Review with the employee their obligation to protect related data
 - vii) Assure that the employee completes the Access Termination Statement
- 3) The Project Manager shall:
- i) Notify ED of the access termination action on the employee
 - ii) Notify the assigned ADP Systems Managers of the access termination date

C.3.44 Government-Furnished Computer Systems

The DCS contractor shall provide data updates through a Government designated system. Online access to the system will be available Monday through Friday, 8:00 am to 10:00 p.m. eastern time. The system will not be available on Federal holidays. Occasionally, the system may be available on weekends when batch processing permits. The system may also be unavailable during peak processing periods or due to planned or unexpected system outages.

C.3.45 FSA, FSA 4-1 Online Representation and Certification Updates (APRIL 2013)

The Small Business Administration validates a Contracting Officer's reporting of an awardee's business size in the Federal Procurement Data System by comparing it with contractor-reported data contained in the System for Award Management (SAM) located at <https://www.sam.gov/portal/public/SAM/>. Even if an offeror elects to execute a hard copy of the offeror's representations and certifications when responding to this solicitation or request for quotation, the offeror is also required to ensure the NAICS identified with this acquisition, and the offeror's corresponding business size, is updated in SAM.

E.2 FAR 52.212-2 – Evaluation - Commercial Items (JAN 2012) Tailored

- (a) The following constitutes the evaluation factors on which Offerors will be selected for consideration for Phase II of this solicitation process. Failure to meet the Go-No Go Factors will result in removal from further consideration for selection for Phase II. The following factors will be used to evaluate offers:
 - Corporate Capacity (Factor 1)
 - Past Performance (Factor 2)
 - Sub-Factor 1: Defaulted Loan/Grant Performance (Relevancy)
 - Sub-Factor 2: Quality of Past Performance
 - Price (Factor 3)
- (b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).
- (c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

E.2.1 Evaluation Factors

This evaluation will evaluate the Offerors by the proposals received in response to the Default Collection Services Request for Proposals using the following factors. Factors will be considered in the following order of importance.

Factor 1: Corporate Capacity - The Offeror's ability to provide information to support their corporate capacity demonstrated by the number of defaulted unique borrowers transferred into the Offeror's inventory from January 1, 2011 – December 31, 2012. Offeror's demonstrating a high inventory of defaulted unique borrowers is more favorable than a low inventory of defaulted unique borrowers transferred.

Factor 2: Past Performance

Sub-Factor 1: Defaulted Loan/Grant Performance (Relevancy) - Offerors will be evaluated based on the relevancy of their corporate collection performance. Past performance consisting of collection services on defaulted Federal Family Education Loan Program (FFEL), Federal Direct Student Loan (Direct Loan)

Program, Federal Perkins Loan, Pell Grant Program, private student loans and/or the Supplemental Educational Opportunity Grant Program are more relevant than defaulted debt collection.

Sub-Factor 2: Quality of Past Performance – Offerors will be evaluated based on their record of providing high quality services of a similar nature to the requirements in Attachment 1: Performance Work Statement in a manner that ensures overall client satisfaction.

In evaluating past performance, FSA reserves the right to verify the information requested and/or contact other agencies or individuals concerning the past performance of the Offeror. In addition, the Government reserves the right to supplement the past performance evaluation with any relevant information including: any past performance data on any contracts and projects with any Federal agencies; any information readily available from the System for Award Management (SAM); any information discoverable on any Government contract performed by the Offeror either as a prime contractor or subcontractor; any information on any Government past performance database (i.e. CPARS, PPIRS, FAPIIS); or any other information generally available that might have relevance to the evaluation of the past performance.

Factor 3: Price – A price analysis will be conducted inclusive of all option periods including the option to extend services to determine price realism and price reasonableness. Price realism will be evaluated to ensure that the proposed rehabilitation rates reflect a clear understanding of the work and skills required for contract performance. Price proposals determined to be unrealistic in terms of technical commitment or unrealistically low in cost or price will be deemed reflective of an inherent lack of technical competence or indicative of failure to comprehend the complexity and risk of the contract requirements and may be grounds for the rejection of the proposal. Price reasonableness will be evaluated to ensure that proposed prices are consistent with industry standards for similar requirements, and are not excessive in comparison to such standards. Proposed prices that are determined to be unreasonable will be rejected. The contracting officer will establish common pricing for all IDIQ contracts before award. The established pricing may be more or less than Offeror's proposed pricing.

E.2.2 Evaluation Methodology

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is

not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). E.4.2 52.209-5 Certification Regarding Responsibility Matters. (APR 2010)

- (a) (1) The Offeror certifies, to the best of its knowledge and belief, that—
- (i) The Offeror and/or any of its Principals—
 - (A) Are o are not o presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
 - (B) Have o have not o, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks “have”, the offeror shall also see [52.209-7](#), if included in this solicitation);
 - (C) Are o are not o presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision;
 - (D) Have o, have not o, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.
 - (1) Federal taxes are considered delinquent if both of the following criteria apply:
 - (i) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
 - (ii) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
 - (2) *Examples.*
 - (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court

review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

- (ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
- (ii) The Offeror has or has not, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.
- (2) “Principal,” for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

- (b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror’s responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.
- (d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

E.4.5 EDAR 3452.209-70 CONFLICT OF INTEREST CERTIFICATION (MAR 2011)

(a)(1) The contractor, subcontractor, employee, or consultant, by signing the form in this clause, certifies that, to the best of its knowledge and belief, there are no relevant facts or circumstances that could give rise to an organizational or personal conflict of interest, (*see* FAR Subpart 9.5 for organizational conflicts of interest) (or apparent conflict of interest), for the organization or any of its staff, and that the contractor, subcontractor, employee, or consultant has disclosed all such relevant information if such a conflict of interest appears to exist to a reasonable person with knowledge of the relevant facts (or if such a person would question the impartiality of the contractor, subcontractor, employee, or consultant). Conflicts may arise in the following situations:

(i) *Unequal access to information.* A potential contractor, subcontractor, employee, or consultant has access to non-public information through its performance on a government contract.

(ii) *Biased ground rules.* A potential contractor, subcontractor, employee, or consultant has worked, in one government contract, or program, on the basic structure or ground rules of another government contract.

(iii) *Impaired objectivity.* A potential contractor, subcontractor, employee, or consultant, or member of their immediate family (spouse, parent, or child) has financial or other interests that would impair, or give the appearance of impairing, impartial judgment in the evaluation of government programs, in offering advice or recommendations to the government, or in providing technical assistance or other services to recipients of Federal funds as part of its contractual responsibility. "Impaired objectivity" includes but is not limited to the following situations that would cause a reasonable person with knowledge of the relevant facts to question a person's objectivity:

(A) Financial interests or reasonably foreseeable financial interests in or in connection with products, property, or services that may be purchased by an educational agency, a person, organization, or institution in the course of implementing any program administered by the Department;

(B) Significant connections to teaching methodologies or approaches that might require or encourage the use of specific products, property, or services; or

(C) Significant identification with pedagogical or philosophical viewpoints that might require or encourage the use of a specific curriculum, specific products, property, or services.

(2) Offerors must provide the disclosure described above on any actual or potential conflict of interest (or apparent conflict of interest) regardless of their opinion that such a conflict or potential conflict (or apparent conflict of interest) would not impair their objectivity.

(3) In a case in which an actual or potential conflict (or apparent conflict of interest) is disclosed, the Department will take appropriate actions to eliminate or address the actual or potential conflict, including but not limited to mitigating or neutralizing the conflict, when appropriate, through such means as ensuring a balance of views, disclosure with the appropriate disclaimers, or by restricting or modifying the work to be performed to avoid or reduce the conflict. In this clause, the term "potential conflict" means reasonably foreseeable conflict of interest.

(b) The contractor, subcontractor, employee, or consultant agrees that if "impaired objectivity", or an actual or potential conflict of interest (or apparent conflict of interest) is discovered after the award is made, it will make a full disclosure in writing to the contracting officer. This disclosure shall include a description of actions that the contractor has taken or proposes to take to avoid, mitigate, or neutralize the actual or potential conflict (or apparent conflict of interest).

(c) *Remedies.* The Government may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid the appearance of a conflict of interest. If the contractor was aware of a potential conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose or misrepresented relevant information to the contracting officer, the Government may terminate the contract for default, or pursue such other remedies as may be permitted by law or this contract. These remedies include imprisonment for up to five years for violation of 18 U.S.C. 1001 and fines of up to \$5000 for violation of 31 U.S.C. 3802. Further remedies include suspension or debarment from contracting with the Federal government. The contractor may also be required to reimburse the Department for costs the Department incurs arising from activities related to conflicts of interest. An example of such costs would be those incurred in processing Freedom of Information Act requests related to a conflict of interest.

(d) In cases where remedies short of termination have been applied, the contractor, subcontractor, employee, or consultant agrees to eliminate the organizational conflict of interest, or mitigate it to the satisfaction of the contracting officer.

(e) The contractor further agrees to insert in any subcontract or consultant agreement hereunder, provisions that conform substantially to the language of this clause, including specific mention of potential remedies and this paragraph (e).

(f) *Conflict of Interest Certification.*

The offeror, [insert name of offeror], hereby certifies that, to the best of its knowledge and belief, there are no present or currently planned interests (financial, contractual, organizational, or otherwise) relating to the work to be performed under the contract or task order resulting from Request for Proposal No. [insert number] that would create any actual or potential conflict of interest (or apparent conflicts of interest) (including conflicts of interest for immediate family members: spouses, parents, children) that would impinge on its ability to render impartial, technically sound, and objective assistance or advice or result in it being given an unfair competitive advantage. In this clause, the term “potential conflict” means reasonably foreseeable conflict of interest. The offeror further certifies that it has and will continue to exercise due diligence in identifying and removing or mitigating, to the Government’s satisfaction, such conflict of interest (or apparent conflict of interest).
